

## **HEARING LOOPS IN THE NEW YORK CITY METROPOLITAN AREA**

As of 06 August 2015

The following institutions have hearing loops installed. Most only have hearing loops in limited areas of the building.

Hearing looped venues are listed by county and by type of facility:

### **NEW YORK STATE**

#### **New York City**

##### Public Facilities

##### **IDNYC**

All IDNYC enrollment centers are equipped with hearing loops to ensure accessibility for hard of hearing applicants.

Locations are listed at <http://www1.nyc.gov/site/idnyc/card/locations.page> .

Website <http://www1.nyc.gov/site/idnyc/index.page> .

##### **MTA subway system station booths**

[http://web.mta.info/accessibility/station\\_booths.htm](http://web.mta.info/accessibility/station_booths.htm)

All subway information booths in stations in the Bronx, Brooklyn, Manhattan and Queens are looped.

##### **MTA subway system Help Points**

[http://web.mta.info/accessibility/station\\_booths.htm](http://web.mta.info/accessibility/station_booths.htm)

The upper portion of the Help Point is a bright blue light and the lower portion is silver with two buttons: one marked "emergency" and the other marked "information." By pushing the appropriate button, subway riders are able to remotely connect with a person who can give directions to another subway station or send help in an emergency. Help Points are generally attached to a support column or a wall and are easily located by the bright blue light.

All Help Points are installed with hearing loops; simply set your hearing aid to the t-coil setting, press the appropriate button on the Help Point and wait for the operator to speak to you.

## **New York City Taxi and Limousine Commission, Taxi of Tomorrow**

[http://www.nyc.gov/html/media/totweb/taxioftomorrow\\_home.html](http://www.nyc.gov/html/media/totweb/taxioftomorrow_home.html)

Beginning 1 September 2015, New York City will require taxi owners who are replacing yellow taxis to replace them with vehicles that meet the new standards for accessibility, including hearing loops. It will take several years until all vehicles have hearing loops. Customers should look for the hearing loop logo on the outside of the cab.

The new rule only applies to yellow taxis. It does not apply to green outer borough taxis, although if the owners buy the Nissan MV200s, those cars will have a loop; nor do the new standards apply to black cars, or car service vehicles.

## **Bronx**

### **Public Facilities**

#### **Bronx Zoo**

2300 Southern Blvd

Bronx, NY 10460

718-367-1010 general information

718-220-5103 guest relations

<http://bronxzoo.com/visitor-info/accessibility>

There are hearing loops at the Congo Gorilla Forest and, during feeding times, at the Sea Lion exhibit

#### **The New York Botanical Garden**

2900 Southern Boulevard

Bronx, NY 10458

718-817-8649

<http://www.nybg.org/visit/accessibility.php>

Ticket windows have hearing loops. Tram Tour trams are equipped with a t-coil compatible hearing loop. Headsets are available at the Visitor Center for those without t-coils. Assistive Listening Devices (headsets and t-coil compatible neck loops) are available for all tours and programs upon request. Ask a staff member for assistance.

For more information see the audio guide list at the end of this document.

#### **Yankee Stadium**

East 161<sup>st</sup> Street and River Avenue

Bronx,, NY 10452

General phone number 718-293-4300

Disabled Services 718-579-4510 or email [disabled\\_services@yankees.com](mailto:disabled_services@yankees.com)

<http://newyork.yankees.mlb.com/nyy/ballpark/information/index.jsp?content=disabled>

Hearing loops have been installed at approximately 50 locations throughout Yankee Stadium, including some concessions stands, first-aid stations, merchandise stores, Guest Services Booths and Yankee Stadium Ticket Windows. For information about t-coil compatible neck loops to hear announcements, see the audio guide list at the end of this document.

## Brooklyn

### Businesses

<http://templebethtorah.org/index.cfm?>

A hearing loop is installed in the sanctuary.

Please note that there are other NYC venues with assistive listening systems that are either FM or infrared. These require use of either a headset or a neck loop. The venues listed above have hearing loops so that those who wear hearing aids/cochlear implants with a t-coil need only turn to their t-coil program to access the sound; no other accessories are necessary. Some venues also provide headphones for those who do not have t-coils, but still want to take advantage of the hearing loop. For more information, please contact the individual venue.

We have only included venues that are currently open to the public.

### **List of venues in the New York Metropolitan Area that have audio tours or other services which are t-coil compatible.**

All visitors, regardless of hearing ability, who want to hear the audio tours in these museums must get the audio guide. Visitors wearing hearing aids with a t-coil or a cochlear implant can hear the program by requesting a neck loop for t-coil compatibility, in addition to the audio guide and then setting their hearing aids to the t-coil setting.

#### **New York City**

##### **Manhattan**

###### Public Facilities

###### **Ellis Island Museum**

Ellis Island

New York, NY 10004-1467

212-363-3200

<http://www.nps.gov/elis/index.htm>

A personal hearing loop can be used on the ranger walks, but not inside the museum. It may be borrowed at the Information Desk; picture ID must be left in order to borrow the hearing loop.

###### **The Frick Collection**

1 East 70<sup>th</sup> Street

New York, NY 10021

212-288-0700

<http://frick.org/information/access.htm>

T-coil compatible audio guides are available at the audio guide desk at the entrance. They can also be used throughout the collection to hear recorded information about specific items, at the user's discretion. The system provides information in any of the following languages: English, French, German, Italian, Japanese and Spanish.

###### **Guggenheim Museum**

1071 Fifth Avenue at 89<sup>th</sup> Street

New York, NY 10128-0173

212-423-3500

[www.guggenheim.org](http://www.guggenheim.org)

The Guggenheim App covers special exhibitions, selections from the permanent collection, and the architecture of the building. The app has transcripts of all tour stops and is T-coil compatible. Please ask the staff at the Multimedia Guide desk for assistance. Please note that no devices will be distributed after 5:15 pm.

### **Intrepid Sea, Air and Space Museum**

One Intrepid Square  
Pier 86, Twelfth Avenue and West 46<sup>th</sup> Street  
New York, NY 10036-4103  
212-245-0072

<http://www.intrepidmuseum.org/access.aspx>

Audio guides with t-coil compatible neck loop are available for a rental fee of \$6 per device during regular museum hours. The Shuttle exhibit has a hearing loop installed.

### **Jewish Museum**

1109 Fifth Avenue at 92<sup>nd</sup> Street  
New York, NY 10128  
212-423-3200

<http://www.thejewishmuseum.org/AccessPrograms>

T-coil compatible assistive listening devices are available for use in the permanent exhibition, Culture and Continuity: The Jewish Journey, and also in select special exhibitions.

### **Metropolitan Museum of Art**

1000 Fifth Avenue at 82<sup>nd</sup> Street  
New York, NY 10028-0198  
212-535-7710

<http://www.metmuseum.org/visit/accessibility>

Audio guides are free to visitors who are hard of hearing; neck loops are available upon request. It may be necessary to pick up a neck loop at the audio guide desk in the main lobby on the first floor; they are not always available with the audio guides in special exhibits.

### **The Cloisters Museum and Gardens**

99 Margaret Corbin Drive  
Fort Tryon Park  
New York, NY 10040  
212-923-3700

<http://www.metmuseum.org/en/visit/visit-the-cloisters/accessibility-at-the-cloisters>

T-coil compatible audio guide players are free to visitors who are hard of hearing. They are equipped with volume control and are available with neck loops for hearing aids with t-coils or with headsets for those without t-coils.

### **Morgan Library and Museum**

225 Madison Avenue at 36<sup>th</sup> Street  
New York, NY 10016  
212-685-0008

<http://www.themorgan.org/visit/access.asp>

An audio guide highlighting the Morgan's history, architecture, and permanent collection is available free with museum admission. Neck loops for t-coil compatibility should be requested at the admissions desk and the audio guide must be requested separately at the opposite desk.

**Museum of Modern Art**

11 West 53<sup>rd</sup> Street  
New York, NY 10019  
212-708-9400

<http://www.moma.org/visit/plan/accessibility>

The MoMA audio guide is t-coil compatible; neck loops are kept at the audio desk and will be added to the audio device on request. T-Coil enabled Assisted Listening Devices are available for all MoMA Public Gallery Sessions and Conversations.

**The New York Botanical Garden**

2900 Southern Boulevard  
Bronx, NY 10458  
718-817-8700

<http://www.nybg.org/visit/accessibility.php>

Assistive listening devices (headsets and t-coil compatible neck loops) are available for all tours and programs upon request. Audio tours of the Enid Haupt Conservatory are available to anyone with a cell phone; the cell phone user should bring any ALDs needed to use the phone. Assistive Listening Devices (head sets and T-coil compatible neck loops) are available upon request in the Arthur and Janet Ross Lecture Hall.

**New York Historical Society**

170 Central Park West at Richard Gilder Way (77<sup>th</sup> Street)  
New York, NY 10024  
212-873-3400

<http://www.nyhistory.org/visit/accessibility-amenities>

Presentations in the Robert H. Smith auditorium are t-coil compatible; a neck loop should be picked up at the desk just outside the auditorium entrance or at the information/membership desk. The auditorium also has an FM system with headphones, so explain that you want a neck loop.

Audio guides are available for several exhibits and can be found at the entrance to that exhibit. You must ask for a neck loop at the information/membership desk on the first floor in order to use the audio guides available in various exhibit halls throughout the building.

**Paley Center for Media (previously Museum of Television and Radio)**

25 West 52<sup>nd</sup> Street  
New York, NY 10019  
212-621-6800 recorded general info  
212-621-6600 more specific info

<http://www.paleycenter.org/visit-visitny>

T-coil compatible neck loops are available at the Front Desk to be used in the screening rooms and in the theater.

**Whitney Museum of American Art**

99 Gansevoort Street

New York, NY 10014

212-570-3600

<http://whitney.org/Visit/Access>

T-coil compatible neck loops are available for public and private gallery tours and public programs.

**Yankee Stadium**

East 161<sup>st</sup> Street and River Avenue

Bronx, NY 10452

General phone number 718-293-4300

Disabled Services 718-579-4510 or email [disabled\\_services@yankees.com](mailto:disabled_services@yankees.com)

<http://newyork.yankees.mlb.com/nyy/ballpark/information/index.jsp?content=disabled>

T-coil compatible neck loops are available at no charge at the Guest Services Booth; a credit card or acceptable form of photo ID is required as deposit. These can be used to hear scoreboard announcements from seats in the stadium.
